Dear [REDACTED]

Application for [REDACTED] - Year 11, 2023

Thank you for your application for Jiayi to attend Diocesan School for Girls. We are delighted to be able to offer Jiayi a place as an international-fee-paying student in Year 11, for the 2023 school year, commencing 31 January 2023 - Term 1 and a place in our Boarding House.

We look forward to welcoming your family into our Diocesan community and to giving Jiayi the very best all-round educational foundation that will set her up for life.

To confirm your acceptance of Jiayi's place, please complete the enclosed enrolment forms and return them to the School, together with the International Student Enrolment Fee of \$2,250.00 by Tuesday, 25 October 2022. We do ask that all forms be returned by this date in order to ensure Jiayi's place is held.

The 2023 tuition fee for an international student is NZ\$48,500.00 per annum and is non-refundable. An invoice is also enclosed for payment.

You may wish to pay by Internet Banking and, if using this method, please ensure your name is stated. The bank charges are over and above the fees. The School's bank account no is: 03-0195-0013812-00 / Westpac Bank / Newmarket Branch / Auckland / New Zealand.

Diocesan School for Girls ensures that the accommodation provisions for Jiayi are met in accordance with the Education (Pastoral Care of Tertiary and International Learners) Code of Practice 2021 (the Code).

As required by the Code, Diocesan School for Girls declares that an assessment of Jiayi has been undertaken (if required as detailed in clause 6.1) to ensure that she is able to participate effectively in the course, and the course offered meets this prospective student's proficiencies and career intentions (clause 7.1).

All of us here at Diocesan are looking forward to welcoming Jiayi to our school and to enjoying many years of learning together.

Yours sincerely

자기소개서 샘플보기:

Dear immigration officer,

I am writing to explain why I want to visit New Zealand with my three kids.

I have always thought that the best age for new experiences and English education is the early age in elementary school.

Especially in the case of English pronunciation, I think learning English at a young age can be more like native pronunciation.

My three kids attended daycare operated by native English early childhood teachers in Korea. So, I guess that my kids can understand English better than others. Now I want to develop their English speaking and writing skills by learning in English-speaking countries with cultures.

Also, I have always thought that New Zealand is the most suitable country for my kid's education because my kids can enjoy outdoor activities with good weather in summer, kind people and similar term dates to schools in Korea. In Korea, term 1 starts End of February and last term finishes in December.

So, it is a good advantage that my kids can start term 1 in Korea after finishing their studies in New Zealand.

As soon as the New Zealand government released the New Zealand border opening announcement, I contacted some education agencies, and finally, I chose St Heliers primary school in Auckland. I chose the primary school is that the school is near Mission Bay, where I want to rent a house when I stay in New Zealand. And I heard there are few Korean domestic students compared to Northshore schools.

We will stay in New Zealand for around one year and two months. I want my kids to learn and experience cultures in such a short period.

I believe this opportunity would be a precious time and experience for my children.

I hope you can give us the chance to experience beautiful New Zealand.

Best regards,

EXAMPLE #1

Dear Immigration officer,

I want to write down why I am applying for a student visa. I want to study in New Zealand because I want to study in an English-speaking country to learn English and culture during my secondary school period. As I wish to apply to universities in Australia or UK, it would benefit me to study in New Zealand in my secondary school.

I chose New Zealand as a study destination because it has good weather and significant natural scenery, and I can experience various cultures. Also, my aunt, my mother's sister, lives in Whangaparaoa in Auckland.

I choose Whangaparaoa college for my study because my sister and I will stay in my aunt's house as my aunt will be our caregiver. She lived near the college and recommended we study in New Zealand.

Regarding the bank statement, Young Seung Song is my mother. She will transfer the fund to my account in NZ once I open my bank account in a near future. I have attached the certificate of our family registration.

I am inspired to start a new journey for my study in New Zealand. If you give me a chance to study in New Zealand, I will do my best to achieve my study goal.

Best regards,

SUBJECT: STATEMENT OF PURPOSE

Dear Sir/ Madam,

I, [REDACTED] Filipino citizen, common law partner to Abdelaziz Geronimo Alfad. I have been granted a Letter of Offer Of Place (LOOP) by New Zealand Skills And Education College to study Diploma in Community Healthcare and Support. In this regard, I am writing this letter to express my earnest intent to apply for a study (Visa).

I earned my Bachelor's Degree in Bachelor of Science, Major in Biology from University of Southeastern Philippines on March 2002, the course that is a preparatory for Medicine which is my dream since then. August 2002, I landed a role as a Sales Clerk in Pacific Agrivet Supplies, INC. (Midsayap, Branch) selling veterinary products, marks the beginning of my continuous career journey. July 2022, I got an opportunity to work in the Philippine government, City of Zamboanga specifically in the City Health Office as Medical Assistant under SHE-Program. I handled as a speaker of a food safety seminar for those individuals under the food products establishments. Our department is also assigned to assist in the vaccination program. My current job entails me to have more knowledge in the field of medicine.

Taking further study in Diploma in Community Healthcare and Support will complement and strengthen my qualification in the Medical Field as well as my work experience in City Health Office. I choose to study overseas, specifically in New Zealand, as one of the best countries in terms of quality of education, as well as being one of the friendliest and most beautiful country in the world. To be more specific, I opt to study in Auckland CBD, New Zealand which offers this program in a very detailed and comprehensive manner so I will have a complete understanding and in-depth knowledge in this area of Medical course through a hands-on practical experience in an international set-up.

I aim to earn a qualification of Diploma in Community Healthcare and Support at New Zealand Skills and Education due to the following reasons and opportunities;

- This program will refresh and enhance the knowledge I gained from my current qualification, Bachelor of Science Major in Biology and will enable me to be updated on new trends with up-close focus and emphasis on Medical Field and in Community Healthcare and Support as an important aspect of Medical Field in a global perspective. The exposure I could get from these studies as well as from courses with New Zealand framework will enable me to adapt the New Zealand Medical field best practices and feasibly apply to my personal methods as well as to the system in medical service in the Philippines in whichever areas that I could possibly improve.

- After completion of this program, I will acquire enhanced and specialized skills and techniques along with interpersonal and skills that will contribute to my overall career expertise and growth. I envisioned myself to advance in my career, to be qualified and fully equip to assume greater responsibilities in the Philippine Government City Health Offices. Once I go back to the medical world in the Philippines, I will have an edge over local employment competitors and look ahead to a position which has a potential annual salary. Opportunities like these will surely be opened to me after completing the qualification through New Zealand Education.

To achieve this goal, I will fully commit my best effort and time for this studies. I will do all the best that I could to focus and concentrate on my program.

Over the 18 years of hard work, we have accumulated and saved enough funds to sustain for our daily living expenses, build assets and investments, and established sufficient fund to finance my study including our projected living expenses in New Zealand for 1 year.
